AUSTRIAN PEOPLE ARE INDIFFERENT TOWARD TREATY

Newspapers and Officials Kick But Common Folks Don't Care.

MAY MAKE GERMAN PACT EASIER FOR EXECUTION

May Fix Definite Sum For Foe to Pay as Indemnity.

(Associated Press Telegram)

Austria's attitude toward the peace terms presented her representatives at St. Germain on Monday has not been officially made known to the allies. Advice from Vienna, however, carries reports of official dissatisfaction with their provisions and a chorus of newspaper disapprobation. There are indications, nevertheless, that the people as a whole are somewhat lethargic.

Completion of the Austrian treaty, several clauses of which were missing in Monday's presentation, is not likely to occur this week, although the peace conference leaders are giving daily attention to the matter. The missing clauses, it is stated, are likely to be transmitted to the Austrian representatives by note as they become completed.

Modifications in the terms of peace with Germany seem to be approaching definite form according to advices from Paris. These alterations, it is said, are not planned primarily to make the terms lighter for the Germans, but to render them easier of execution.

Apparently there is a disposition on part of President Wilson, Premier Lloyd George and Premier Clemenceau to fix a definite sum of approximately \$25,000,000,000 as the amount of indemnity Germany will be called upon to pay, and it seems possible that the first installment of about \$5,000,000,000 may not have to be paid within two years, as now stipulated, but within four years.

The terms relative to Silesia and the Saar regions, too, may be altered. There seems, however, to be a general agreement that Germany will be permitted to enter the League of Nations at once. Premier Orlando is standing aloof from these discussions, as Italy's interest is not so much in the German as in the Austrian treaty.

The establishment of the Rhenish republic by the people of the Rhenish provinces of Germany is not looked upon seriously in American circles at the peace conference, it is said. It is pointed out that no present map in the Rhenishland are identified with the movement and there is some doubt as to the spontaneity of the demand for a republic. Dispatches from German sources declared that French authorities have taken a prominent role in the setting up of the new government.

President Wilson is likely to go to Brussels next week on his long deferred visit to Belgium, but the specific dates mentioned in Brussels dispatches are characterized as mere rumors. There is as yet no intimation as to the date he plans to sail for America, although his ship—the George Washington—has been ordered to be ready to steam for the United States on 12 hours notice any time after midnight tonight.

Jugo-Slav forces which are invading the province of Carinthia are reported to be advancing, the village of Volkmarkt, northeast of Klagenfurt, capital of Carinthia, having been evacuated by the Austrian troops before the invaders.

The reported capture of Petrograd, which was announced early this week in a telegram from Varsovie to Copenhagen, seems to be without foundation. Estonian forces are quite a distance west of the former Russian capital and are being subjected to heavy attacks by Bolsheviks over a wide front.

SUBWAYS AWAIT ACTION BY SOLONS

Construction Work of Congress Towards Financial Relief.

R. N. Begien, federal manager of the western line of the Boston and New York railroad, arrived in Newark at noon today and received a committee composed of Secretary T. J. Applegate, Jr., of the Chamber of Commerce, Mayor H. A. Atterton and City Solicitor Henry Ashcraft in his private car.

The visit was made following extensive correspondence relative to the matter of erecting a subway for the city. The work was delayed the contemplated improvement and since the committee every effort has been made to get the railroad to take up the work.

Mr. Begien stated that any action of the railroad depended upon the action of congress in regard to the expenditure of money and the financial status of the railroad. But that he hoped in a short time to give some definite information. The railroad is under government control and no building or construction work of any kind has been permitted. "We have spent only \$250 in the past year for that kind of work," stated Mr. Begien.

However, he seemed hopeful that as relief that the improvement in Newark will be made.

WOMEN TO VOTE IN 1920; SENATE ADOPTS MEASURE

Amendment Passed by Vote of 56 to 25 Late Wednesday.

OHIO SENATORS SPLIT VOTE ON ROLL CALLED

Harding Gives Measure His Support While Pomerene Votes No.

(Associated Press Telegram)

Washington, June 5.—The Susan B. Anthony amendment giving the ballot to women passed the Senate late yesterday afternoon by a vote of 56 to 25. The amendment was passed by the House May 21 by a vote of 304 to 89. The question of making a strange amendment to the constitution now goes to the various state legislatures for ratification. The approval of 38 states is necessary.

It was predicted that Pennsylvania would have the distinction of being the first state to ratify. Only three other state legislatures are in session, Illinois, Wisconsin and Massachusetts. The Florida legislature adjourned June 1. The Ohio legislature will reconvene next Monday.

The vote was not along party lines. When the tabulation was made it was found that 36 Republicans and 20 Democrats voted for the amendment and eight Republicans and 17 Democrats were against it. Senator Knox of Pennsylvania, opposed the amendment. Senator Boies Penrose, who had been in Washington, would have voted in opposition, was paired against West Virginia. Two Republican senators, Davis Ekins and Howard Sutherland, who voted favorably. Senator Warren G. Harding of Ohio, favored the amendment, but his Democratic colleague, Atlee Pomerene, was paired against it.

Leaders of the suffrage forces were in high spirits. They claimed, and with good reason, that the 38 states now giving ratification to women would ratify the amendment to the constitution. These states are Wyoming, Colorado, Utah, Idaho, Washington, California, Kansas, South Dakota, Michigan, Illinois, Nebraska, Rhode Island, North Dakota, Iowa, Wisconsin, Indiana, Maine, Minnesota, Missouri, Tennessee, Arkansas, Texas, Arizona, Oregon, Montana, Nevada, New York and Oklahoma.

WOULD PUT LIMIT ON BIG PACKERS

Federal Trade Commission Chairman Says They Have Tried to Control Whole Food Output.

Cincinnati, June 5.—William B. Colver, chairman of the federal trade commission in speaking before the National Wholesale Grocers association convention here today, advocated that the great meat packers of the country be limited to the field of meat packing and to manufacture of packing house by-products.

"The commission has found that a meat trust exists," said Mr. Colver, "but it had found more than that. It finds that these great concerns were rapidly extending their control over the whole food supply of the nation and I believe it is only a matter of time unless present tendencies are stopped, when these five concerns, or perhaps one of two of them, which may or may not secretly absorb the others, will absolutely dominate to the people of this country what they shall eat and what they shall pay for what they eat. This development would mean the elimination of those great American business institutions which have been built up to manufacture and prepare the food, other than meat foods, for the nation."

"We believe that legislation would be wise, patriotic and sound if it limit the control of these concerns to the field of meat packing and to the manufacture of packing house by-products." Mr. Colver also pointed out the changed conditions that exist in the foreign exchange markets and the stagnation that exists in many parts of the world. He advocates the League of Nations and predicted that the United States could not isolate itself from European problems any more than it could leave its planet.

CYCLEST KNOCKS DOWN CHILD; LEG IS BROKEN

Times, the five-year-old son of Mr. and Mrs. Joseph Dablin, of 127 West Main street, had his leg broken last night when he was knocked down by a bicycle.

The child was playing in the grass plot between the sidewalk and the street near the curb. A young man riding a bicycle passed and was riding so near the curb that the handle bars of the machine knocked the boy down fracturing his right leg below the knee. The bicycle rider did not stop or make any effort to assist the child.

NEWARK WOMEN'S W. S. S. DRIVE IS SET FOR JUNE 12, 13, 14

Mrs. Wm. F. Webb of Granville street, has bought the first War Savings Stamp in the Women's Campaign. The women's drive does not formally open until June 12, but Mrs. Webb's purchase is a fine thing for the women to have the credit of completing Licking county's war work. Licking will not rank 100 per cent until the year's W. S. S. quota is subscribed.

The women's W. S. S. organization is calling for volunteer workers among the women of Newark to help in the house to house canvass on June 12, 13 and 14. Telephone to Mrs. E. T. Johnson, chairman, Auto 7289 or to any one of the following named war leaders: First ward, Mrs. W. Weakley, Sec. and Mrs. J. A. Mitchell; Third, Mrs. Anna Starr; Fourth, Mrs. T. J. Appleyard, Jr.; Fifth, Mrs. Fred S. Wright; Sixth, Mrs. Walter Hambridge.

The women have done splendid work in the Red Cross service but they have been unable to have a hand in the war financing. Newark women are to be given the chance to do so.

Pittsburgh Police Detain Cleveland Man Who Reached City Day of Bomb Explosion.

(Associated Press Telegram)

Pittsburgh, June 5.—With the arrest of George Oliver, 28, of Cleveland, police today believe they were on the trail of the anarchists responsible for Monday night's bomb explosions here. Oliver who has been sought since shortly after the blast at the homes of Federal Judge W. C. Thompson and immigration inspector W. W. Sherris was taken into custody last night. According to the police literature, a radical nature was found on Oliver who came to this city the day of the explosion.

John Johnson, president of the local I. W. W. and 14 other alleged anarchists were being examined today by agents of the department of justice. Meanwhile police and special deputies were searching the city for names of all persons of radical tendencies.

OHIO MEDIATOR SENT TO TOLEDO

State Official Will Endeavor to Bring About Settlement of Auto Factory Labor Trouble.

Toledo, June 5.—The expected arrival here today of George F. Miles, chief mediator for the Ohio Industrial Commission to lend his services in the labor dispute involving 13,000 employees of the Willys-Overland automobile company was the first indication that an end of the trouble which has been in progress for four weeks might be in sight.

It was said that Secretary of Labor Wilson also might come to Toledo, inasmuch as he is in Ohio, to investigate the trouble, but neither Mayor Schreiber nor city officials of the automobile company were in possession of definite information.

The Overland plant will remain closed today, according to Clarence A. Earl, vice president and general manager at the request of Mayor Schreiber to prevent further disorders. Two subsidiary plants also are closed. The visit of Mr. Miles will be the second he has made to Toledo since the labor trouble started. He came here early in May but at that time Mayor Schreiber was acting as mediator. Miles after consulting with labor leaders and officials of the Overland, declined to enter into the controversy until Mayor Schreiber had satisfied himself he could do nothing.

Fearing a new outbreak of violence at the first of the funerals of the victim shot to death in the rioting Tuesday night today caused Mayor Schreiber to detail several hundred speaking guards to attend the services. The first victim will be buried tomorrow.

AUSTRIANS SURRENDER TOWN TO JUGO-SLAVS

Copenhagen, Wednesday, June 4.—A dispatch received here from Klagenfurt, capital of Carinthia, Austria, quotes an official report which says that Volkermarkt, a town 15 miles to the north, has been abandoned by the Austrian forces defending the town against Jugo-Slav troops which have invaded Carinthia. The retirement, it is said, was ordered so that the town might not be exposed to dangers of destruction from the fire of the Jugo-Slavs.

POWDER IS IGNITED BY SPARKS FROM BROKEN TROLLEY

SCORES OF BODIES MANGLED AND BURNED BEYOND RECOGNITION IN COAL MINE AT WILKES BARRE, PA.

CARELESSNESS AND VIOLATION OF MINE LAWS BLAMED FOR ACCIDENT

(Associated Press Telegram)

Wilkesbarre, Pa., June 5.—Seventy-eight men lost their lives in the Baltimore No. 2 tunnel of the Delaware and Hudson coal mine explosion and fire today, and 31 were injured, according to a list given out by the company officials at noon today. Forty-one bodies have been identified and 37 remain unidentified. The company's injured list is not complete and it is certain that the number of injured will reach about 40.

The disaster is, with one exception, the greatest that has ever occurred in this vicinity. More than 100 mine-workers were riding to their work crowded into what is known as a "trip train."

The rear car carried 12 kegs of black powder used for blasting loose the coal in the chambers. The mine is modern and equipped electrically. The trolley was snapped when the train had gone about 200 feet from the entrance. The wire sputtered and sizzled and the sparks touched off the powder. The terrified men on the cars instantly recognized the danger that confronted them, but they stood powerless to avert it. There was a roar and in an instant every man and boy on the train was either dead or dying. Terribly mangled bodies were found everywhere by the rescue crews, which instantly rushed into the mine. Fire-fighters working frantically, succeeded in an incredibly short time in subduing the flames which followed the blast.

Then came the gruesome work of taking out dead and injured. Those who had not already succumbed were so badly burned that in nearly every case death is a matter of only a short time. Carcasses and other debris were piled up in the mine. There were a dozen kegs of powder in one of the rear cars, all of which exploded.

Mine officials and state officials were on the scene promptly but their efforts were directly solely to the work of rescue. The rescue work was hampered by all needs for the work inside the mine but the chief trouble during the early hours was in getting nurses, doctors and supplies.

The accident occurred shortly before 1 o'clock. A train of empty cars was sent to the mouth of the tunnel to take the men into the chambers. One hundred men piled into the cars, which were drawn by an electric motor. Near the end of the train was a car of black powder. John McGraw, driver of the motor, when 200 feet in the tunnel the trolley wire broke and fell. Sparks ignited the powder and instantly there was an explosion that sent the bodies of the men flying in all directions. The force was so terrific that it was heard throughout the greater part of the city.

Flames caused the greater loss of life. Many of the bodies being burned to a crisp. Other men who were burned and were trying to reach safety, died of asphyxiation.

When rescuers reached the tunnel there were dead and dying scattered everywhere. The injured were rapidly removed, sent to hospitals as quickly as ambulances could be provided, and the dead were brought out and placed in the morgue.

Doctors and nurses were somewhat late in reaching the scene. This was because many of them were absent when the accident happened. Hospitals quickly filled and morgues were filled to overflowing.

East End last night was the scene of great grief. That section of the city welcomed home boys from the 31st field artillery battery. Bands were out, flags flying, red-fire burning, people laughing and shouting. Within 12 hours all was changed. Many homes being made sad. Some of the soldiers had their joy turned into despair. Their fathers were among the dead.

WILL CONTINUE TO SERVE SOLDIERS

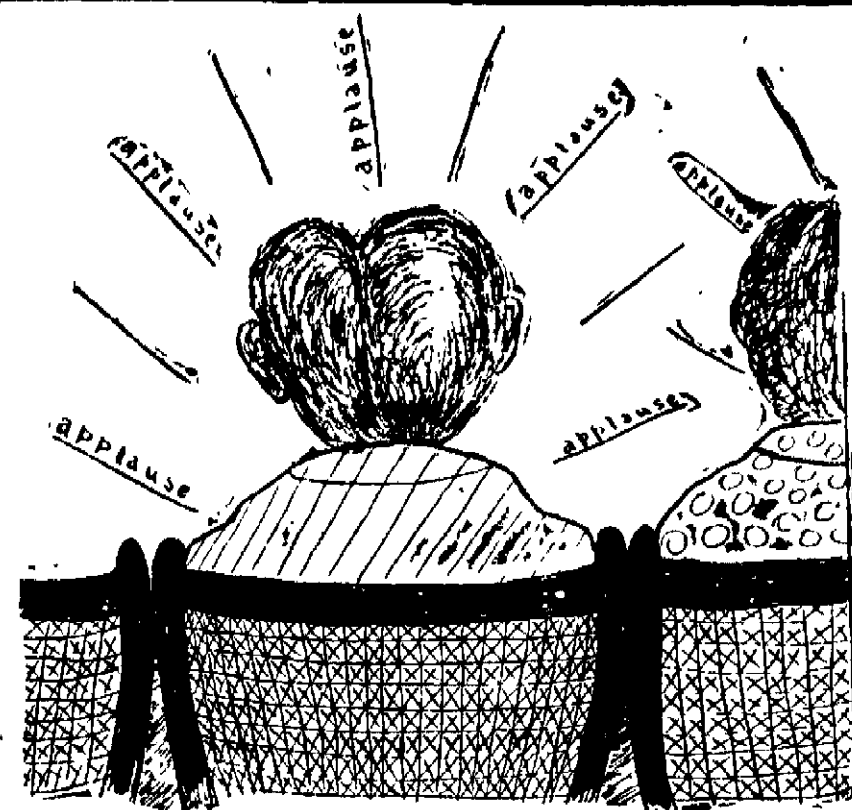

War Camp Community Service Will Take Over Employment Bureau and Other Activity.

A small group of representatives of the various civic and welfare organizations met last night in the Y. M. C. A. in response to a call from H. L. Miller of the War Camp Community Service.

The War Camp Community service in continuing its work of looking after the soldiers even after they return to civilian life and now as camp life is fast being done away with they are helping the men in readjusting themselves. It will open an office in Newark and take over the public employment bureau. It is probable new quarters will be secured and a number of the executive committee composed of 15 members will be held Friday afternoon at 4 o'clock, to complete the work.

WHEN IN DOUBT ASK ROSS COUNTY

Why It Took Her War Chest Trustees Only Two Minutes to Give Community's Quota to Salvation Army Fund.

"ASK ANY SOLDIER."

That slogan with reference to the work of the Salvation Army among American troops abroad, can now very properly be changed to say "Ask Ross County, Ohio," for down in Ross County where Camp Sherman, one of the great government cantonments is situated, they know all about it, and the following telegram from Albert F. Keim, chairman of the Ross County War Chest, to George R. Campbell, state director of the Salvation Army Home Fund Campaign in Ohio, tells of the force of the appeal of the Salvation Army for home service funds in any community where U. S. soldiers are and where War Chest funds are still available:

"It took the Ross County War Chest Trustees about two minutes to decide in favor of contributing our full share to the Salvation Army campaign. Camp Sherman being located near Chillicothe, in our county, we have been fortunate to get the inside facts at first hand. The overseen boy without exception tells of the work of the Salvation Army Lasses in the front line trenches. With tears they speak of their heroic work under shell fire and the giving of their lives in their devotion. The returning soldier says that he will share his last dollar with the Salvation Army. The people of our great state will stand by the Salvation Army and contribute and be a part of their great endeavors."

(Signed) Ross County War Chest Trustees,
Per Albert F. Keim.

SALVATION ARMY IS COUNTRY BOY'S FRIEND.

The boys and girls from the country make up in a large measure the population of the city. This fact is becoming recognized in most interesting fashion through the splendid co-operation that intensively rural districts are giving in connection with the Salvation Army's drive for funds, now progressing in the state and nation, generally.

Despite the fact that the Army is not actively organized in many of the rural counties its helpful influence is felt in these districts more often than might naturally be supposed. The boy or girl from the farm, who is a stranger in the city, has more than often found a kindly and helpful contact with some Salvation Army worker.

Those cases in which distress has been relieved by Army workers of big cities more than often find their way back to the farm home, from which came the individual whose unfamiliarity with city life produced the situation, which is ably met a hundred times a day by Salvation Army workers in principal cities of the state.

The institutions which the Army also maintains in all large cities of the state, have sheltered, times without number, the country boy, who has come to the city to carve out his fortune, and not a few of the big business men in metropolitan centers can remember when friendly advice, a clean bed for the night and practical and helpful service received from the hands of some Salvation Army worker, assisted him in overcoming the obstacles of unfamiliar environment and the pressure of evil disposed forces, when he came to the city as a country boy.

BROTHERHOODS BOOST THE S. A. CAMPAIGN.

Fraternal organizations in Ohio are co-operating, in most effective fashion, with the Salvation Army campaign for building and working funds in the state, through which it is hoped to raise one and a half million dollars for Army institutions and activities.

In Columbus, and many other cities and towns, the Elks have turned over their entire organization to the service of the Salvation Army during the campaign period. In Columbus the splendid Elks' home, on East Broad street, has been turned into campaign headquarters, with members of the committee and clerks on the job night and day.

The Elks Ladies' Social Club of Columbus, composed of the most enthusiastic, public spirited society women of the capital city, is also participating intensively in the Columbus campaign. In almost innumerable cities and towns in the state the Elks are helping the Salvation Army's campaign organization wherever it is possible, and any Elk, anywhere in the state, seems to stand ready to serve at a minute's notice in any capacity that he may be required.

The other fraternal organizations are co-operating in a high spirited, unselfish service. Rotary clubs are taking a tip from their national organization and in every community where this club is organized they can also be found ready to help.

Religious organizations are also co-operating splendidly and the clergy of approximately every denomination is actively assisting in the campaign. This spirit of helpfulness on part of all elements in society is an indication of the universal appeal which the Salvation Army makes in its work.

Paradoxical as it may seem you can't beat the high cost of living with a club sandwich.

NEWARK WOMEN

On June 12-13-14, next Thursday, Friday and Saturday, Newark women will demonstrate their ability to render a patriotic service. It is up to the women of this city to show what they can do. Women who are willing to give a few hours of their time to the patriotic work next week will please phone Mrs. Ernest T. Johnson, chairman, Auto Phone 7289 at once. The women are to conduct a War Savings Stamp drive and every home is to be canvassed. The sale of the remainder of the quota of W. S. S. will put Lacking only in the 100 per cent class. 6521

Famous Old Scottish Song.
"The Blue Bells of Scotland" is not only popular in the land of the thistle, of which it sings, but it has an international appeal. It was written by Miss Annie McVicar, a young Scottish woman, who spent considerable of her early life in America. The occasion which prompted the words of this song was the departure of the Marquis of Huntley for the continent with his regiment in 1790.

The music to which Miss McVicar's poem has been set is several hundred years old, and it was rescued from oblivion by Mr. Fitzgerald, to whom the world owes a great debt of gratitude for his untiring work in this direction.

Brave and Unyielding Freedom.
The liberty which our fathers planted, and for which they sturdily contended, and under which they grandly conquered, is a rational and temperate, but brave and unyielding, freedom; the august mother of institutions; the hardy nurse of enterprise; the sworn ally of justice and order; a liberty that hits her as a full and rebuking face equally upon the cowards who would sell, and the brigands who would pervert, her precious gifts of rights and obligations.—Edwin P. LET OHIO BE FIRST.

After a fight of more than a half century the women of the United States have scored a victory through the passage by congress of the suffrage measure which now goes to the legislatures of the 45 states for ratification or rejection. The House of Representatives passed the Susan B. Anthony amendment at the opening session of congress and the proposition reached a vote in the Senate late yesterday afternoon.

Approval by thirty six states is now required. The prediction is made that the measure will be ratified in time to give the American women an opportunity to express their choice in the presidential election next year.

It seems probable that Ohio will be the first or at least among the first states to take action. The legislature will meet on June 16th.

The speed taken of the "dry" amendment after its submission to the states was a surprise to its most ardent advocates and the same may be true of the suffrage amendment. The indications point to early ratification. The issue has been before the people so long that extended debate is not necessary. It has reached a point where practically everybody is ready to say yes or no. Ohio, a leader in the sisterhood of states, should be the first to approve the amendment. In many states the women now exercise the right of suffrage and the privilege should be extended to all.

CAMPAIGN CONTRIBUTIONS.

Too much money has been spent in political campaigns in recent years. It has come from too few people. When some political aspirant hands over his ten or hundred thousand dollars to a committee, it gives him too much of a grip on the party organization. Party leaders are altogether too deferential to him. They are too ready to yield when he comes to ask for something in return, which perhaps they ought not to grant.

Indications are that an attempt will be made in the next campaign to depend more upon popular subscriptions. Chairman Hays of the Republican National committee announced last week that he will accept only subscriptions of \$1000 and less. The Democratic campaign has commonly depended even more on small gifts. The political managers of both parties would do well to drop their partisan feelings for the moment, and get together and agree on a permanent policy of the financing of these campaigns by the general public.

Everyone who believes in the idea of a party should be willing to come across for a small amount to see its ideas prevail. It would seem as if every voter not absolutely suffering from poverty ought gladly and without solicitation, to contribute a dollar anyway.

Then if those more fortunate would give what would be a moderate amount the committees would have every cent they ought to spend. There is such a thing as their having too much.

If this method of financing politics

could become universal, the day of the candidate with a "bait" would have passed. He has had too much power. A great many nominations have always been made because an aspirant was wealthy, and it was believed he would make a liberal gift to the campaign fund. A more absurd way of selecting a candidate for office could not be devised.

WEIGHTS AND MEASURES.

Weights and Measures officials from all over the country have been meeting the past week at the Bureau of Standards at Washington. Much attention was given at the conference to the matter of uniform state legislation. A form for a state law was drafted. The effort will be made to have this uniform law adopted by all the states.

It will be useful to have conflict between state statutes done away. But the principal end to be held in view, is to get an efficient, thorough, and determined inspection of all weights and measures. In past years the public used to suffer seriously from short measures. In past years the public used to suffer seriously from short measures. Since this became realized, there has been a campaign for honest measure all over the country. The aggregate of this kind of fraud must be much less.

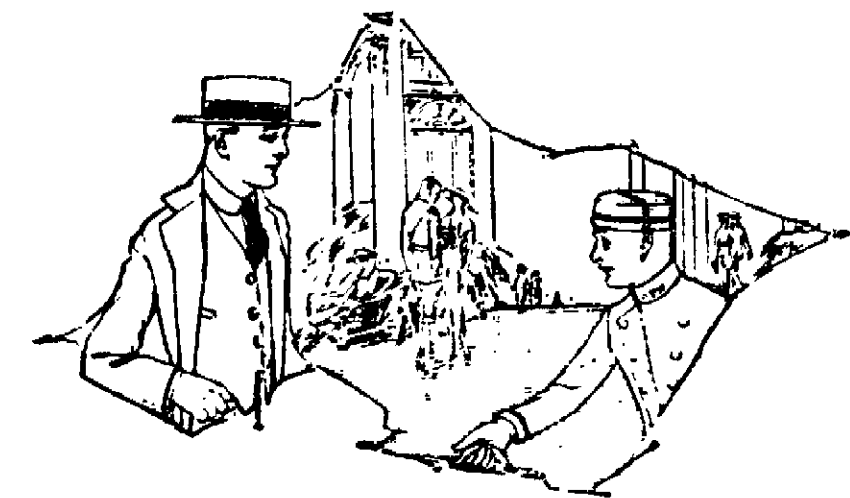

The great majority of retail traders are honest and gladly give abundant measure. But even an honest man's scales get out of order. People who enjoy getting their own weight have often noticed how scales will vary at different places, and at perfectly reliable dealers' too. A variation of one to three pounds would make quite a difference in a year's profit.

Then there is the minority of dealers who are thoroughly unscrupulous and will go just as far as they dare to. They are seen principally in the larger cities, where reputation does not spread fast by word of mouth. But no place can be sure it is exempt from them. After these people have paid a few fines, they have a wholly new respect for honesty.

Reliable dealers are placed at a serious disadvantage if in competition with those inclined to cheat on measures. A frequent visit of faithful inspecting agents is a protection to every fair dealer, and he will gladly welcome close oversight.

Spirit of the Press

Asiaties in Mexico.
The landing in Mexico of 5,000 Asiatics during the month of March is a fact of interest to us as well as to the Mexicans. It is inevitable that unless artificially checked there will be an inflow from Asia. The Mexicans cannot expect to hold a rich country undeveloped in this age. Nature abhors a vacuum. Our own interest in the growth of a large Asiatic population south of the border is obvious. They would create a more serious race cleavage than now exists on this continent, and both economic and social friction might become dangerous in time. Mexico must be helped to enter upon the path of peaceful development, and there

NEWARK WOMEN

On June 12-13-14, next Thursday, Friday and Saturday, Newark women will demonstrate their ability to render a patriotic service. It is up to the women of this city to show what they can do. Women who are willing to give a few hours of their time to this patriotic work next week will please phone Mrs. Mrs. Ernest T. Johnson, chairman, Auto Phone 7289 at once. The women are to conduct a War Savings Stamp drive and every home is to be canvassed. The sale of the remainder of the quota of W. S. S. will put Licking county in the 100 per cent class. 6-5-21

Eternally Unrighteous.

The German people and their leaders, as was to be expected, are calling heaven to witness that the peace terms are the utmost in brutality and injustice. Not all of them are so ingenious as General Ludendorff, who blurted out that they had expected America to let them off easily, but it is clear enough that their outcries represents a deep and sincere feeling that anything uncomfortable to Germany is eternally unrighteous.—New York Times.

MICHIGAN

The Sporting Peninsula

Three Great Lakes join hands to give the Southern Peninsula of Michigan its Summer attractions. Primeval forests, wooded lakes, alluring streams, clear, cool invigorating air, and outdoor interests, have made Michigan the "Sporting Peninsula."

Along the shores and inlets of the surrounding waters—Lake Michigan, Lake Huron, Straits of Mackinac and the "Soo"—are summer resorts of great charm, each with its special appeal—motorboating, sailing, fishing, broad beaches for bathing. In the inland sections—streams, rivers and lakes with superior facilities for fishing and hunting.

Accommodations—fine hotels, inns or summer camps, experienced in giving vacationists just what they want, and with prices to suit every purse.

The United States Railroad Administration invites you to travel and offers Summer Excursion fares. Ask your local ticket agent to help you plan your trip or apply to nearest Consolidated Ticket Office, or write for illustrated booklet—"Michigan Summer Resorts"—to nearest Travel Bureau.

TONIC TREATMENT. FOR THE STOMACH

Good blood is necessary to digestion and there can be no perfect digestion without an abundant supply of rich, red blood. In stomach trouble, therefore, the blood must be looked after. Proof of the value of the tonic treatment of the blood in stomach trouble is found in the results attained by the use of this particular tonic by Mrs. Herman Dessel of 727 East Adams street, Springfield, Ill. She says:

"I regular eating and lack of exercise brought on my stomach trouble about four years ago. Up until a few months ago I was unable to find anything that would help me. I suffered intense pain after eating with shortness of breath and smothering sensations while doing my work. I tired quickly and had severe headaches."

"I saw an announcement of Dr. Williams' Pink Pills in a newspaper and decided to give them a trial. I felt better before I had taken a full box. Gradually the pain in my stomach disappeared and I can now eat most any kind of food without distress. I no longer have smothering sensations and I feel much stronger and do not tire easily at my work. I am always glad to recommend Dr. Williams' Pink Pills for I know that they are a blood builder and nerve tonic and have been used with great success in the treatment of stomach trouble when accompanied by weakness and thin blood."

Dr. Williams' Pink Pills for Pale People are sold by your own druggist or will be sent direct by mail, postpaid, on receipt of price, 50 cents per box, six boxes for \$2.50. Write to the Dr. Williams Medicine Co., Schenectady, N. Y., for a copy of our diet book. It is free.

Says His Prescription Has Powerful Influence Over Rheumatism

Discoverer Tells Druggists Not to Take a Cent of Anyone's Money Unless Allenru Completely Banishes All Rheumatic Pains and Twinges.

Mr. James H. Allen suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work.

He finally decided, after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system.

He freely gave his discovery to others who took it, with what might be called marvelous success. After years of urging he decided to let suffering everywhere know about his discovery through the newspapers. T. J. Evans' drug store has been appointed agent for Allenru in this vicinity with the understanding that he will freely return the purchase money to all who state they received no benefit.

HIGHLANDERS' BAND TO AID SALVATION ARMY

The Scotch Highlanders band will give a concert in the court house parlors Sunday afternoon and also after the evening church services. It will be held under the auspices of the Elks and any financial benefit which may accrue will be turned over to the Salvation Army. The Elks lodge will keep open house at their club rooms for the women and punch and lemonade will be served. Newark women have been asked to call any time after 1:30 in the afternoon.

The Scotch Highlanders band is on its way east to Atlantic City where it will play on the Million Dollar pier during the summer.

It features some famous soloists. Among them are Manuel Yingling, trombone soloist, formerly with Theodore Thomas' orchestra; Sergeant Turner, clarinetist, formerly with the money band; Happy Kent, xylophone soloist, and Hobbie Broilner, Scotch tenor singer. He has a strong, clear voice and is noted for his distinct enunciation. Broilner sings Harry Lauder's Scotch songs. He also does monologues.

Last year the Royal Scotch Highlanders band made a tour of 24 states, playing in all of the large cities. It traveled over 18,000 miles and it is estimated that it played to more than three million people.

Roy L. Smith personally conducts all concerts in artistic style of directing, together with his pleasing personality has won for him much praise.

FRENCH CHILD SENDS THANKS TO LOCAL CLUB

A letter was received by Miss Mercedes McCarthy, president of the Betsy Ross circle, which recently adopted a 12-year-old French orphan with the proceeds of the market held some time ago, this money representing a year's support. The letter is from Marcel Bely at Laval, France. It says:

"My Dear Benefactors:—How happy I was on receiving your order, which was sent to me yesterday. I thank you from the bottom of my heart, for I am the eldest of three boys and it is my duty to help my mother and my little brothers, especially since this terrible war, which took from us our father."

"I am happy to have those so far away think of me and how much I wish I were near to show with all my heart my sincere thanks, and my dear benefactors, receive from the little heart of a child all his affections."

"I pray you to present my respects to your dear parents."

"Your little orphan who thinks of you."

A meeting of The Betsy Ross circle will be held next Tuesday evening at 7:30 o'clock at the office of the Lacking Creamery company. New business of importance will be taken up.

OWN YOUR OWN HOME

BUILD NOW!

NO affection of the human heart is more enduring or more profound than the love of home. No dream is dearer to the wife than the hope of possessing a place of her very own. The ambition of children is for a corner of the house for their playthings. Soldiers are looking forward longingly to their return and a pleasant room in dad's home.

WHAT a joy it would be to have a home of your own—one built as it should be built; arranged as you have always wanted it; everything ordered just as you want it; one to include features that will please the wife, the children and the returning soldier. Perhaps with the new home you can have your own garden also.

WHERE there's a will to have a home there is a way. It may not appear as easy as it really is, so consult your contractor today.

You can't measure the value of owning your own home on a Dollar and Cent Basis Alone. The Man That Has Standing in the Community is the Home-Owner. He is Considered the Most Stable by the Banker. He is a Credit to the town.

Now Is the Time for Action. You'll Surely Build Some Day Why Not NOW!

WITH the great demand for homes that exists in Newark now, building is absolutely necessary. The year is already showing signs of a wonderful development of American industry and a period of prosperity that will eclipse any previous records.

YOU should build now because you will not only help yourself, but you will help relieve the housing situation in our city. If Newark is to prosper, we must have places to which to live. The home that you build will add permanent value, add to the wealth and prosperity of the entire city, give us opportunity to expand.

PROMPT ACTION SAVES LOCAL WOMAN'S LIFE

Mrs. Sarah Webb Boylan attempted to take her own life Wednesday night about 10:20 by taking ten bichloride of mercury tablets in paragonic, at her room in a rooming house operated by Mr. and Mrs. J. E. Brown, at Fourth and Locust streets. Dr. M. W. Deming was called and sent the patient to the City Hospital in the Bradley ambulance, where the stomach pump was used. This morning authorities at the hospital stated that Mrs. Boylan would recover.

The motive as to her attempted suicide has not been learned. It is said that at 8:30 when other roomers came in Mrs. Boylan was alone in the downstairs hall near her room, and said she was waiting for her brother, and that later she used the telephone. However, when she was taken from her room to the hospital a woman and a man were with her.

ORDINANCE NO. 3004.

By MR. FAUST.
Granting the right and permission to the Newark Furniture Company to construct and maintain a side track across South Sixth street.

Be it ordained by the Council of the City of Newark, State of Ohio, that Section 1. That permission is hereby granted the Newark Furniture Company to lay and maintain a railroad side track across South Sixth street in the City of Newark, Ohio, said side track to cross South Sixth street diagonally, the property line between the city on the east side of South Sixth street approximately 40 feet from the south track of the Baltimore and Ohio Railroad Company and a point on the west side of South Sixth street approximately 50 feet from the south track of the Baltimore and Ohio Railroad Company, provided that the said Newark Furniture Company completes a side track from the Baltimore and Ohio Railway Company's track east of South Sixth street to and into the property of the Newark Furniture Company on the west side of South Sixth street within four months of the passage and taking effect of this ordinance. And provided further that the said Newark Furniture Company and its assigns shall keep the side track on both sides of said street where the said track crosses the same and the approach to said crossing in said side track and roadbed in good condition for the passage of pedestrians and vehicles and shall save the City of Newark harmless from all damages by reason of the occupancy and use of said street and any damages caused by the performance of said work.

Section 2. That The Newark Furniture Company shall pay for the legal advertising of this ordinance.

Section 3. This ordinance shall take effect and be in force from and after the earliest period allowed by law.

Passed June 2nd, 1919.

Attest: R. L. WILLIAMS, President of Council.
GEO. H. HAMILTON, Clerk of Council.

Approved by the Mayor this 3rd day of June, 1919. H. A. ATHERTON, Mayor.

POSITIVE PROOF.
Should Convince the Greatest Skeptic in Newark.
Because it's the evidence of a Newark citizen.
Testimony easily investigated.
The strongest endorsement of merit.
The best proof. Read it:
Albert H. Ridenour, stationary engineer, 88 Fleek Ave., says: "My back was weak and pained me, due to a strain. I don't know how I got the trouble. My back is now strong and I can go about my work without any fear of the weakness." (Statement given September 15, 1914.)
TROUBLE NEVER CAME BACK.
On February 7, 1917, Mr. Ridenour said: "I have never had any return of backache since I don't know how I got the trouble. My back is now strong and I can go about my work without any fear of the weakness." (Statement given September 15, 1914.)

A GREASY, PIMPLY SKIN COATED TONGUE AND FOUL BREATH
Poisons in the blood, accumulated through the winter months, should be promptly driven out by taking sulphur, cream of tartar and molasses, but it is so nauseating. Well then, just get a tube of Sulphur Tablets and they will do the work pleasantly. They are made of sulphur, cream of tartar and herbs—sugar-coated tablets. Stomach, liver, bowels and blood are all benefited by their occasional use. Greasy skin, pimples, coated tongue, acid stomach, breath tell you your blood is bad. Mrs. B. Clarke, 905 Main St., Buffalo, writes: "I have been using your Sulphur Tablets and like them very, very much." Sold by all druggists. Don't accept on a "dinary" sulphur" tablets and be nauseated and disappointed.—Adv.

BLISS NATIVE HERB TABLETS
Many thousands of old and young keep their systems free from the dreadful consequences of constipation by regular intervals. Those who had an active life but who are occasionally while others whose work is confining and laborious and are more subject to that condition, retain their health by using them. Bliss Native Herb Tablets not only relieve constipation but stir up the liver and kidneys, cleansing them of all fermentation, and restore them to a natural, healthy, active condition. They also purify the blood, and have a general tonic effect on the whole system. One tablet at night will make the next day bright.
Bliss Native Herb Tablets are put up 200 in a box, enough to last the average family six months. Every box carries our money-back guarantee. Take no substitutes. Look for trade mark on every box. Price \$1.00.
Sold by leading druggists everywhere.

ORDINANCE NO. 3005.
By MR. BAKER:
Determining to proceed with the improvement of Poplar avenue from South Fifth street to South Sixth street, by curbing and paving the roadway thereof.
Be it ordained by the Council of the City of Newark, State of Ohio, that Section 1. That it is hereby determined to proceed with the improvement of Poplar avenue from South Fifth street to South Sixth street by curbing and paving thereof, in accordance with Resolution passed on the 5th day of May, 1918, in accordance with the plans, specifications, estimates and profiles hereto approved and now on file in the office of the Director of Public Service.
Section 2. That all claims for damages resulting therefrom shall be judicially inquired into after the conclusion of the proposed improvement.
Section 3. That the whole cost of said improvement, less one-fiftieth thereof, and the cost of intersections, shall be assessed by the foot frontage upon the following described lots and lands, to-wit: All lots and lands bounding and abutting upon the proposed improvement, which said lots and lands are hereby determined to be specially benefited by such improvement, and the cost of said improvement shall include the cost of printing and publishing the notices, resolutions and ordinances required, and the serving of said notices, the costs of construction, together with the interests on bonds issued in anticipation of the collection of deferred payments, and all other necessary expenses, and that the assessment so to be levied shall be paid in twenty (20) semi-annual installments with interest on the deferred payments at a rate not to exceed six (6) per cent per annum, provided that the owner of any property assessed may at his option, pay such assessment in cash within thirty days from and after the passage of the assessing ordinance, to the City Treasurer in which case the said cash assessment shall not include any item of interest upon bonds to be issued in anticipation of deferred installments, of such assessment, and that the bonds of the City of Newark, O., shall be issued in anticipation of the collection of the assessment by installments and in an amount equal thereto, and that the remainder of the entire cost of said improvement not specially assessed, including the cost of intersections and the damage awarded to any owner of adjoining property and interests therein, and the cost and expense of such award, shall be paid by the issuance of bonds in the manner provided by law.
Section 4. That the following lots and lands shall be assessed for said improvement as above determined. All lots and lands bounding and abutting upon the proposed improvement on Poplar avenue between South Fifth street and South Sixth street.
Section 5. That the Director of Public Service be and is hereby authorized and directed to make and execute a contract for said improvement with the lowest and best bidder after advertisement according to law.
Section 6. That this ordinance shall take effect and be in force from and after the earliest period allowed by law.
Passed June 2, 1919.
